"24. Any proposed by-law having application to or effect within the municipality, the passage of which has been initiated by the Council of the City of Prince George or the Council of the Village of South Fort George as incorporated under statute and former Letters Patent, or the Regional Board of the Regional District of Fraser-Fort George, may be adopted by the Council of the municipality, subject to the provisions of the *Municipal Act* and these Letters Patent, and shall upon adoption, for the purposes of paragraph 28 hereof, be deemed to be a by-law of the City of Prince George or the Village of South Fort George as incorporated under statute and former Letters Patent, or of the Regional District of Fraser-Fort George, that initiated its passage.

"25. Subject to the provisions of paragraph 26 hereof the specified service areas of the Regional District of Fraser-Fort George established pursuant to the following by-laws, namely:

CANADA CEDAR POLE PRESERV-

ja16—2949 per R. A. GrundstromAPPLICATION FOR AMENDMENT
OF POLLUTION CONTROL PER-
MIT PA-3106, PURSUANT TO
SEC. 6 OF POLLUTION CON-
TROL ACT, 1967.

Preamble—Sure Crop Feeds Ltd., Grindrod, B.C., are pleased to submit the enclosed application which outlines the changes in our feed mill that will considerably reduce the discharge of dust and other polluting materials. Taking special note of item 3, you will notice the change from a dry-roller cyclone to a steam-roller cooler cyclone which reduces the average daily discharge from 60,000 SCFM to 8,000 SCFM. The discharge material will be almost nil since it will consist mainly of warm air. Furthermore, the location of the new cyclone will be such that any air discharge will be directed away from any residential area of Grindrod.

This installation will improve the efficiency of our operation, the quality of our feed, and at the same time reduce the pollution affecting our environment.

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (2) or (3) of the *Pollution Control Act, 1967* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or, where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

Sure Crop Feeds Ltd., of Grindrod, B.C., hereby apply for amendment to Permit PA-3106, issued on October 31, 1974, in favour of Sure Crop Feeds Ltd.

To authorize additional or other works than those previously authorized by deleting that part of section (a) of Appendix 01 of the permit which reads "from 37 material storage bins", and substituting in its place the following: "from 45 material storage bins."

To authorize additional works than those previously authorized, namely, "a paper incinerator to operate at Ringelmann 1, 90 per cent of the time and Ringelmann 2, 10 per cent of the time, discharging 500 SCFM."

To increase or decrease the "quantity to be discharged" by deleting that part of Appendix 02 of the permit which reads "(a) from a roller-mill cyclone outlet; (b) maximum 60,000 SCFM, average daily 60,000 SCFM," and substituting in its place the following: "(a) a steam-roller cooler cyclone; (b) maximum 8,000 SCFM, average daily 8,000 SCFM."

I, P. Mackiewicz, Secretary-Treasurer, hereby certify that a copy of this application has been received by the Regional District of North Oganagan.
